

Fire Safety Awareness (3 Hours/ Half Day)

RQF Level 2 Award England, Northern Ireland & Wales

Qualification Title: FAA Level 1 Award in Fire Safety Awareness (RQF) – Code 600/8133/8

Unit 1 Title: Fire Safety Awareness – Unit Code Y/601/9697

DESCRIPTION

We are all well aware of the potentially devastating effects of fires in the workplace in terms of lives lost, injuries, damage to property and the environment, and to business continuity. You may also be aware that it is believed most fires are preventable. The importance of fire safety in the workplace is underpinned by health and safety legislation that places a duty on employers to establish policies and procedures, and ensure their employees receive appropriate training.

This course is designed for employees as an introduction to fire awareness. It is an excellent element to an induction programme for new employees. The course deals with how fires can occur and what to do in the event of a fire. This qualification also provides a foundation for those who wish to go onto developing their basic fire safety awareness in order to undertake more specific fire safety roles in the workplace to manage fire risk (e.g. as fire wardens/marshals/stewards etc.). Successful candidates will be awarded a nationally-recognised Level 1 Qualification.

DURATION

This is a half day course.

CERTIFICATION

The participant will be awarded a Level 1 National Qualification subject to successful completion of the test paper at the end of the session.

NUMBERS

A maximum of 16 students can be accommodated; all learners must be a minimum of 14 years of age.

INCLUDED IN COST

Delivery onsite, manuals, certification and postage.

***Our Awarding Body is First Aid Awards Ltd.**

SYLLABUS

A range of subjects are covered including:

- The Common Causes of Fire
- The Behaviour of Fire
- Legislation (Brief) and Responsibilities
- Fire Prevention
- What to Do If a Fire Breaks Out
- How to Use Fire Extinguishers
